

# Retail Shop Lease Changes Start Today

CLIFFORD GOULDSON  
LAWYERS

Changes to the *Retail Shop Leases Act* passed earlier this year come into effect today.

The most important thing for both landlords and tenants to keep in mind is that the amendments to the Act may mean that you no longer have to comply with the Act, or some parts of it, even if you are currently required to do so.

You can read more about the effects of the changes on both landlords and tenants in our previous [email alert](#) on the topic.

If you require further advice about how the changes will impact your lease, please contact our [Commercial + Property team](#).
