Travelling north on Ruthven Street

If you're travelling north on Ruthven Street, there are client car parks that you can access by turning left off Ruthven approximately halfway along the Foundry building. If you miss the turn into our front parking spaces, take the next turn left into the Bunnings car park and drive to the southern end. You can use the southern end exit, and come out onto Ruthven Street to pass the front of our office again.

Travelling south on Ruthven Street

If you're travelling south on Ruthven Street, please note that our client car parks are located outside our front door at 259 Ruthven Street. However, it is only accessible when travelling north on Ruthven due to a traffic island. To get here, we recommend that you turn right at the intersection of Ruthven and Bridge and then enter the Bunnings car park. Travel to the southern end of the car park and turn left out of the exit onto Ruthven. You will then find the client car parks by turning left off Ruthven approximately halfway along the Foundry building.
